PROFILE

Mohamed Amine SAHLI is a management and organizational consultant at BFC and a state-certified engineer with six years of experience in strategic planning, project management, and institutional transformation. Currently Country Manager of BFC Guinea, he has led consulting missions across Tunisia, Guinea, Benin, Libya, and Cameroon, supporting public institutions and private organizations in performance improvement, governance reform, and digital modernization. He is experienced in COSO-based risk frameworks, COBIT governance audits, and the design of performance monitoring tools, with notable contributions to projects such as CAMPOST's strategic transformation plan and APIP Guinea's investment strategy.
